- 4) Exact name of Registrant as specified in its charter from the "Translation of Registrant's name into English". If either differs from the official Registrant Name, then the filer should provide an additional dei:EntityRegistrantName fact with an xml:lang attribute value other than "en-US".
- 5) The value "15(d)" would be tagged with SecurityReportingObligation only if there are securities with a reporting obligation.
- 6) All facts for business contact must have the EntityAddressesAddressTypeAxis and BusinessContactMember applied.
- 7) The SEC offers various transformations to convert values presented in one format on the cover to the format needed for the required XBRL fact value. This includes the true/false boxes, State and Country codes, filer category and exchange name.
